Welcome

Welcome to the Township of Tiny's Summer Day Camp program! Through exciting and active adventures, new friends, and caring staff, children will create wonderful memories that last a lifetime.

This booklet provides you with important information about the program, as well as details about our operations, expectations and more. Keep this guide on-hand for easy reference throughout the summer.

Affordable Recreation Program

The Township of Tiny is committed to making recreation accessible to all residents.

Our Affordable Recreation Program offers financial assistance, and access to sport and fitness equipment to ensure that financial constraints do not prevent anyone from participating in our recreation programs.

Township of Tiny

About Us

As the most northerly township in the County of Simcoe, the Township of Tiny offers 70km of coastline along beautiful Georgian Bay. The municipality's approximate population of 13,000 residents at least doubles in the summer as the region is a popular destination for both tourism and cottagers due to its beautiful waterfront areas and small-town appeal. To learn more about Tiny and all that we have to offer, visit www.tiny.ca.

★ Recreation and Special Events

The Recreation and Special Events Department will operate and promote Township of Tiny recreation programs and special events in a manner that is cost effective and responsive to the needs of the public, staff and, Council.

The Department maintains positive external relationships with service clubs, third party recreation service providers and community members who utilize the department's services by focusing on a high standard of customer service. Through the promotion of volunteerism, the department aims to remain fiscally responsible with its service delivery model while fostering a vibrant community spirit and healthy lifestyles.

The Recreation and Special Events Department is currently comprised of five full-time permanent staff: Director of Recreation and Special Events, Community Recreation Coordinator, Special Events and Volunteer Coordinator, Recreation Services Coordinator, and Recreation Administrative Coordinator. During the summer, the department recruits students to assist in delivering summer programming: camps, soccer, swimming, and the mobile skate park.

Registration Information

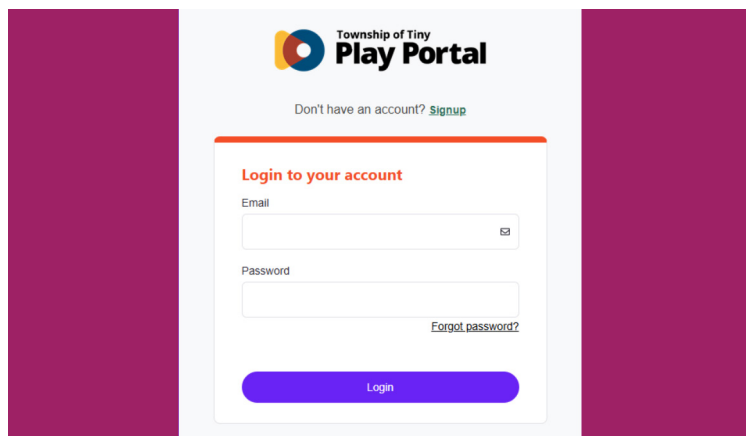

Registration and Payment

The Township of Tiny accepts registrations for Day Camp programs exclusively through the Play Portal. Please reach out to Recreation and Special Events (705-526-4204) prior to registration day if you have any questions or concerns, or require assistance.

Play Portal  

www.tiny.ca/playportal

Use the Play Portal to register and pay with a credit card or Visa or MasterCard debit card. Credit cards can be saved to your account for future payments and refunds. By registering with the Online Portal, you can choose to defer your payments to three weeks before the start date of the program.

Deferred Payment Policy

Using the Play Portal, you can **defer the registration fee for a program until 3 weeks prior to the start date of the program.** Please note that a 5% processing fee must be paid in full at the time of registration.

Declined Payments: Any deferred payments that are declined will result in an immediate non-refundable \$45 NSF fee. Registrants will receive an automatic notice of this charge when their payment is declined, along with instructions on how to pay the balance on their account. Failure to pay the account balance within 48 hours will result in a cancelled registration.

Camper Requirements

Township of Tiny camp accommodates children aged 4-11 years old. Campers will have the ability to join different informal programming groups throughout the day based on shared interests and skills.

Kinder Campers must be at least 4 years of age by the first day of camp. All other campers must be between the ages of 5 and 11 by December 31, 2026. Campers must be fully toilet-trained to attend all camp programs.

Virtual Waiting Room

We have implemented a virtual waiting room and queuing system to ensure an equitable and fair registration process. The virtual waiting room is a static web page that displays the user's place in the queue in real-time and provides an estimate for when the user will reach the front of the queue. When it is the user's turn to access the site, they will then be able to enter the registration system and complete their transaction. You can browse programs in the Play Portal until 11:45am on registration day. After 11:45am, the Play Portal will automatically enter all users into the virtual waiting room. On registration day, please visit tiny.ca/playportal to enter the virtual waiting room.

Waitlists

If your preferred camp is full, we recommend joining the waitlist. A completed registration form must be submitted to be added to a waitlist and payment will be taken only if a space becomes available.

If you receive an offer from the waitlist, you will receive an email containing instructions on how to accept or decline the offer. Offers that have not been fully processed will expire after 48 hours and be extended to the next participant on the waitlist.

Refund Policy

Refunds will be issued to the original payee. Cash, cheque and debit payments will be refunded by cheque and online payments will be refunded to the original card. Please allow up to 6 weeks to receive your refund.

At least 2 weeks prior to the start date: A full credit on your account or a refund less a 5% processing fee if requested with at least 2 weeks notice before the start of the program.

Less than 2 weeks prior to the start date: A 50% refund as a credit on your account only, less a 5% processing fee, unless the request is accompanied by a medical certificate.

Within 24 hours of the start date: No refund or credit, unless the request is accompanied by a medical certificate.

For more information about the Withdraw, Refund and Credit Policy, visit tiny.ca/recreation/refunds or contact Jake Clutchey, Recreation Administrative Coordinator, at jclutchey@tiny.ca.

Program Transfers

If you withdraw due to receiving a waitlist offer for another recreation program, you can request a full transfer of your payment.

Types of Camps

Voyagers Camps

Our voyagers camps include our familiar and popular Kinder (JK-SK), Discovery (grades 1-3), and Adventure (grades 4-6) age groups. The camps offer lively, themed programming for all ages in addition to one excursion and beach trip each week.

Specialty Camps

These excursion-based camps offer exciting trips and activities each and every day. The Mini-Traveler, Traveler, and Trekker camps will explore local destinations, the beauties of Simcoe Muskoka, and beyond.

Settlers Camp

Come play with us and enjoy a grassroots summer at our Settlers Camp! Each day proposes a variety of new activities and encourages active living, nature-based play, and fostering new friendships. Each week includes a special experience and a beach day at a local beach.

Special Activities and Day Trips

Each week, we select trips and activities that combine adventure and fun with educational opportunities.

When off-site, campers are provided with high-visibility pinnies to increase recognition. Our staff continue to conduct their regular headcounts to ensure that all campers are accounted for at all times. When on buses, they strategically space out to supervise and interact with all children, and continue programming on the bus with engaging activities, songs, and games.

Rules and Expectations

Camp-wide rules and expectations have been developed in order to foster a safe and positive camp environment. All campers, volunteers, and staff are to be courteous and respectful; use appropriate language at all times; support and appreciate each other; solve problems in a fair and honest manner; include others in activities; and play without bullying or teasing others.

Parents/guardians are asked to review the following rules and guidelines with their camper(s):

-  Recognize the rules for all games and activities
-  Encourage others and show good sportsmanship
-  Stay hands-free
-  Participate and have a positive attitude
-  Ensure a safe and clean environment
-  Care and be kind to one another
-  Take turns and play fair

If a camper struggles with the rules, staff will have a one-on-one discussion to explain why the rules are in place. If the behaviour continues, the parent/guardian will be notified at sign-out and asked to review the rules with their camper at home. If the behaviour persists, a meeting with senior staff, the parent/guardian, and the camper will be arranged to discuss how staff can best support the camper moving forward.

If a camper becomes aggressive or physically violent, the Day Camp Supervisor will remove the camper from the program immediately. A parent/guardian or emergency contact will be called to pick-up the camper and a meeting will be arranged with senior staff to further discuss the situation/options.

For more information regarding the Behaviour Management Procedure, please contact Emma at eclench@tiny.ca.

What to Bring to Camp

Allergy-aware lunch and at least four snacks

Each camp day consists of a morning snack break, lunch, and an afternoon snack break. Peanuts, peanut butter, tree nuts and all food containing nut by-products are not permitted at camp. Families will be notified if any other food allergy is present at camp so that they can avoid sending their campers with that ingredient. Please consider the environment when packing camp lunches; reusable containers are preferred.

Re-fillable water bottle

Many campers find themselves drinking more water at camp than they do at school. This is due to the increased amount of physical activity throughout the day.

Family Communications

On the Thursday before each week of camp, families will receive a Welcome to Camp email which will contain important program specific information, as well as the Camp Newsletter, which outlines the activities for the week. You are encouraged to review the schedule carefully in order to be aware of important reminders, theme days, and other special features.

Please ensure that we have the most up-to-date phone number and/or email address when registering so that we can reach you.

During sign-out, Assistant Supervisors will share information with parents and/or guardians regarding their child's camp experience, development, attitude, and overall participation in the day camp program.

Campers must leave all electronic devices at home

Outdoor footwear

Closed-toed outdoor footwear appropriate for the weather and activities must be worn (i.e. running shoes for regular use, outdoor boots for rainy weather). Sandals may be packed for use during water activities.

Appropriate clothing

Wear "play" clothes. A hat, sunscreen, and extra clothing (i.e. extra pair of socks) will be required for use throughout the day. Occasionally, campers will participate in water activities and should pack a bathing suit, towel, and sandals.

Rain gear

In rain, appropriate outdoor gear will be required as camp programming continues outdoors.

Breakfast Program

A good day starts with a healthy breakfast and we know how busy mornings can be.

Cereal, yogurt, granola bars, and seasonal fruit is offered to campers until 8:45am each morning. We are able to offer this completely free to our campers through generous sponsorships.

Camp Philosophies

Provide a safe, stimulating, child-centered summer camp experience by playing, laughing, and enjoying nature. *We do this by:*

- conducting routine head-counts and ensuring age appropriate staff to camper ratios (Ages 4-5, 1:5; Ages 6-8, 1:8; Ages 9-11, 1:10; Mixed Ages, 1:10);
- focusing on nature-based play and delivering all camps in municipally owned parks and green spaces; and
- reducing travel and offering on-site programs that encourage healthy, active living.

Deliver a variety of recreational, social, and 'green' activities, ensuring there is something of interest for everyone. *We do this by:*

- providing campers with elements of choice throughout the day;
- offering a variety of sport activities, group games, and free and nature-based play, and crafts;
- integrating green initiatives in weekly projects and highlighting the importance of protecting our planet.

Challenge staff in achieving the highest standard in positive, meaningful interactions with every single camper. *We do this by:*

- continuously reviewing, formally evaluating, and revising camp programming and structure throughout the summer. By utilizing appropriate assessment tools across various aspects of day camp operations, the township strives to consistently enhance the experience for campers, families and staff; and
- providing staff with a minimum of five comprehensive training days, which include rehearsing emergency scenarios and protocols, leadership training, team building, and learning new songs and games.

Empower children and youth, and support their physical and mental health by providing them with opportunities to face challenges and be successful. *We do this by:*

- planning activities which allow for scaffolding; where campers learn a skill or start a project their first day at camp and build upon that progress throughout the week;
- encouraging peer-to-peer support and engagement, and allowing campers with special interests to take the lead in certain games and activities; and
- asking that all electronic/hand-held devices be kept at home to ensure campers are engaged in activities and focused on having fun in the moment with peers and staff.

Encourage and nurture personal growth by showing recognition, acceptance, and kindness. *We do this by:*

- teaching our staff to motivate children and youth and encourage them to move beyond supervising to mentoring and coaching;
- implementing a Camper Recognition Program that focuses on both individual and group successes; and
- training all staff on inclusion-based approaches, focusing on how to create a supportive and inclusive environment.

As a new resident to Tiny, I am very pleased with the delivery of the summer camp program. The administration team is excellent as are the camp counselors. They were always warm, enthusiastic and conscientious. Highly recommend!

Mobile Skate Park

Tiny's Mobile Skate Park has a combination of roll-ins, fun-boxes with rails, pyramids with rails, grind-boxes, quarter-pipes, wall rides and a half pipe. Staff are trained to ensure appropriate fit of safety equipment and can teach basic skills and tricks.

This year, the Mobile Skate Park will support the Day Camp program by being available for camp groups throughout the day during scheduled weeks. Campers are encouraged to bring their skateboards, bikes, scooters or in-line skates to camp when the Skate Park is on location.

While some safety equipment is available on site, it is strongly recommended that campers bring their own helmet, kneepads, and wrist guards. Campers will not be permitted to use the Skate Park without a signed waiver, or if they refuse to wear the required safety equipment.

Location	Dates
Wyevale Park	June 29th to July 3rd *Closed July 1st
	July 6th to 10th
	July 13th to 17th
Lafontaine Park	July 20th to 24th
	July 27th to 31st
	August 4th to 7th
Perkinsfield Park	August 10th to 14th
	August 17th to 21st
	August 24th to 28th

Camper Recognition

At the start of each week, the camp group will come together during morning circle to develop a *Camp Culture*. Campers and staff will brainstorm different rules and expectations to achieve throughout the week, establishing the “culture” at camp for the week.

The purpose of developing a *Camp Culture* is to help campers feel a sense of belonging and community while at camp. The group will collectively come up with rules, expectations and goals that surround five guiding principles: friendship, participation, environmentally friendly, creativity, and respect.

As campers successfully demonstrate *Camp Culture* throughout the week, the group will be awarded a corresponding puzzle piece. A special camp celebration will be held at the end of the camp week if the group earns all puzzle pieces.

Rent the Skate Park! NEW

Looking to have the skate park all to yourselves? Rent it for 2 hours for just \$300! Includes supervision and loaner equipment. Book now at tiny.ca/playportal.

Beach Days

Beach days are the best, which is why each camp group will visit the beach once every week. This means campers will have their chance at enjoying the beauty of Tiny beaches every week they spend with us.

Alongside regular programming, campers will have the opportunity for free-time in the water and on shore. Accompanied by our on-staff lifeguard, a designated section of the beach, marked with cones and buoys, ensures a dedicated and safe environment. In addition, all staff are briefed on waterfront best practices.

On beach days, we encourage parents to send campers in their bathing suits. Personal flotation devices (PFDs) are welcomed and, if provided, must be worn during water activities.

Counselor in Training Volunteers

The Counselor in Training (CIT) and Counselor in Training Plus (CIT Plus) programs run in conjunction with the Summer Day Camp program. They provide youth with opportunities to contribute to the community while developing leadership skills in a fun, safe and social environment.

CITs enhance the camp experience by being role models and friends to campers. They help shy campers break out of their shells, challenge active campers to master skills and talents and encourage everyone to develop meaningful friendships. They greet campers, run games, assist campers with their belongings, help facilitate friendships and much more!

On the first week of the summer, CITs attend a training week with various professional development opportunities that provide them with the tools and knowledge needed to volunteer at Tiny's Summer Day Camps.

Youth in the standard Counselor in Training program learn the basics of camp and program planning, HIGH FIVE Principles, resume building, and employability. Youth in the graduated Counselor in Training Plus program receive their HIGH FIVE Principles of Healthy Child Development and Standard First-Aid CPR-C certification, which prepare youth with essential skills needed to join the Township of Tiny staff team.

For more information about this program, visit tiny.ca/youth.

HIGH FIVE Principles

As a HIGH FIVE Registered Organization, the Township of Tiny is committed to ensuring every child and youth in its programs has a positive sport and recreation experience.

The Township creates a culture of quality by training all staff in HIGH FIVE principles of healthy child development, which encourages a holistic approach to quality assurance by involving everyone in recreation.

HIGH FIVE is Canada's only comprehensive quality standard for children's programs, offering a holistic approach to healthy child development based in years of research.

Quality matters because research shows people are more likely to stay active for life if they have positive experiences in sport, recreation and physical activity as a child.

HIGH FIVE holds true to the following five Principles of healthy child development that the research indicates are essential for providing a positive experience for kids:

-  A Caring Adult
-  The opportunity to make Friends
-  The opportunity to Play
-  The opportunity to Master skills
-  The opportunity to Participate

Illness and Injuries

The safety and well-being of all campers, volunteers and staff are of utmost importance. Campers who are potentially infectious must stay home.

All Township of Tiny Summer Day Camp staff are trained in Standard First Aid and CPR-C. Staff will treat minor injuries (i.e. bumps, bruises, scrapes) and complete a Participant Incident Report Form detailing the incident. The form will be presented for review, comment, and signature at sign-out.

The Day Camp Assistant Supervisor will contact the parents/guardians or emergency contact for any camper who becomes ill or seriously injured while at camp. Please ensure all contact information provided at registration is accurate and up-to-date. Parents/guardians are expected to be able to pick up their camper during the day in the event that illness, injury, or incidents occur.

Lost and Found

The Township is not responsible for lost, damaged or stolen personal items. Please ensure you label your camper's belongings.

Items left behind are stored at camp in a lost and found bin until the end of September. The lost and found bin will be on display at sign-in and sign-out each day.

Sun Safety

Sunscreen should be applied to campers at home prior to arriving. It should be brought to camp and will be applied regularly. Families are encouraged to show their camper(s) how to properly apply sunscreen. Staff are SUN AWARE Safety Certified, and will remind campers throughout the day to reapply their own sunscreen. If indicated, staff may assist younger campers with sunscreen application.

Between 11am and 4pm, the ultraviolet rays are the most intense. Heat stress occurs when a combination of hot, humid conditions and physical activity strains overcome the body's natural cooling system. Heat stroke is a form of extreme heat stress that can cause serious symptoms and requires medical attention. During sunny and hot days, camps will avoid activities in the direct sun and increase water breaks.

Inclement Weather

In heavy rain, during thunderstorms, or in times of severe weather advisories, all programming will move to an indoor facility.

Parents/guardians are invited to speak with the Day Camp Supervisor about creating a plan for early pick-up on stormy days should it be in the best interest of the camper/family.

Medications

If a camper requires medication while at camp, a Medical Information Sheet must be completed at sign-in. Medications need to be provided in their original packaging.

Medications will be kept in a secure location by an Assistant Supervisor with the exception of epinephrine auto-injectors and puffers (which may be carried by campers with permission from parents/guardians). The Assistant Supervisor will administer medication as directed on the Medical Information Sheet, record their actions on a Medical Administration Log and present the form for review at sign-out.

Any information shared regarding your camper's medical condition(s) is/are confidential and communicated only to pertinent staff. If you wish to set up an appointment to speak with staff about your camper's needs in more detail, please contact, Emma Clench, Community Recreation Coordinator, at 705-526-4204 or eclench@tiny.ca.

Camp Staff

The Township of Tiny Camp staff are post-secondary or senior high school students who share one thing in common: they are committed to providing each 'Tiny' camper with a positive and lasting camp experience.

The Township of Tiny has high expectations of every staff member and those are reflected in the Township's hiring policies. Potential staff members, including those previously employed at the Township of Tiny, submit an application each year to join the staff team. Applicants who have qualifications in a variety of program areas (i.e. sports, crafts, music, drama) are hired to ensure the week is filled with a variety of high quality programming. All staff members must also successfully complete a vulnerable sector police check.

Staff receive extensive training prior to the start of camp and hold many industry standard certifications. All staff receive extensive day camp specific training, inclusion training, and are Standard First Aid and CPR-C certified.

Each year, over 50% of staff members return to Tiny. This means that our staff are familiar with and support the Township's camp philosophy, understand expectations, and are committed to providing the best experience for each 'Tiny' camper.
