

Wyevale Community Cemetery

The Wyevale Community Cemetery is located on Concession Road 5 East in the Village of Wyevale, which is located along the Wye River.

The Cemetery was established in 1894, meaning that earlier burials would have been performed either in Wyebridge, Penetanguishene, Waverly or in private cemeteries. Some of the graves within the Cemetery date back to 1880. It is unclear if they were existing plots before the Cemetery was officially established, or if those names were added as a memorial.

Below are those at rest in this cemetery.
