RE: Township of Tiny Comments
Environmental Compliance Approval Application (Sewage) for the existing on-site Teedon
Pit aggregate washing operations under Section 53 of the Ontario Water Resource Act
ERO Number: 019-3307
Ministry Reference Number: 3828-BYBFQD
Teedon Pit – 40 Darby Road

Thank you for the opportunity to provide comments on the subject application.

The Township retained R. J. Burnside & Associates Limited (Burnside) to peer review the technical material in support of the application.

Burnside prepared a letter, dated August 23, 2021, which was presented to Council at the September 1, 2021 meeting. As a result of the discussion at the meeting, the Burnside letter was updated to reflect an additional comment regarding the lining of the silt and sump ponds.

The Township of Tiny recommends that no decision be made on the application until the applicant satisfies all the outstanding matters as outlined in the September 1, 2021 Burnside letter and that the Ministry require that any permanent or temporary silt or sump pond(s) constructed on the site be lined.

Council Motion #397/21 and the Burnside Letter are attached to this letter for your information.

Sincerely,

THE CORPORATION OF THE TOWNSHIP OF TINY
