Q3 Do you get your drinking water from a municipal water system, a private well, or other source?

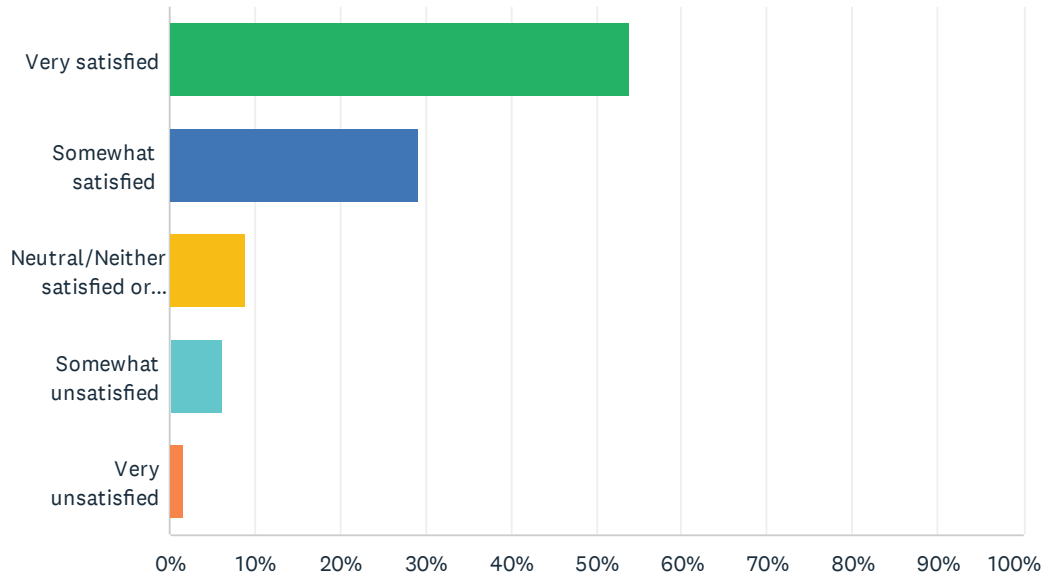

Answered: 363 Skipped: 0

ANSWER CHOICES	RESPONSES
Municipal water	31.13% 113
Private well	63.36% 230
Other/No water	5.51% 20
TOTAL	363

Q4 Please indicate how satisfied you are with your level of service with municipal water.

Answered: 113 Skipped: 250

ANSWER CHOICES	RESPONSES	
Very satisfied	53.98%	61
Somewhat satisfied	29.20%	33
Neutral/Neither satisfied or unsatisfied	8.85%	10
Somewhat unsatisfied	6.19%	7
Very unsatisfied	1.77%	2
TOTAL		113

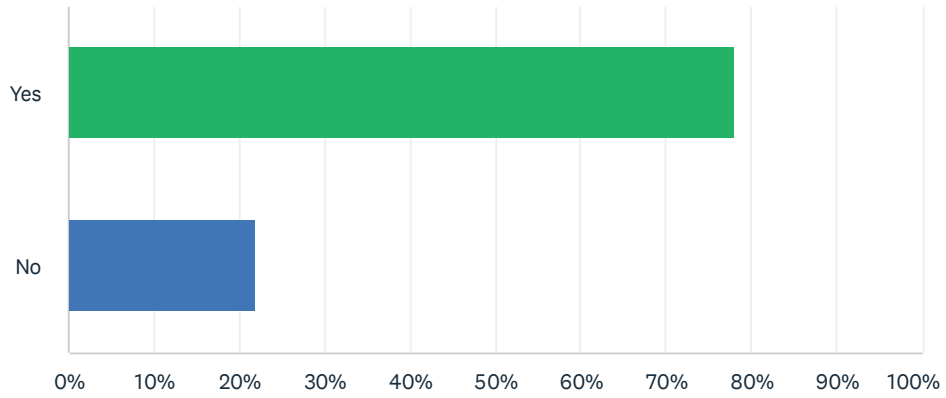

Q5 Please explain why you are not satisfied with your municipal water.

Answered: 9 Skipped: 354

#	RESPONSES	DATE
1	Often my water has an orange, dirty look to it, when this occurs and I run it for a bit in the tub there's sand at the bottom of the tub	9/12/2023 6:10 PM
2	The water often smells like chlorine, and tastes awful.	9/11/2023 2:53 PM
3	Have to go fill up jugs in perkinsfield	9/3/2023 6:59 PM
4	The changes to charging Tiny Township residents for their water use is communist.	8/28/2023 9:31 PM
5	Because, the nitrates continue to be high in our area. It was the highest of all the reports I read on the Tiny website. So, regardless of reports indicating it is safe to drink, we are not confident or comfortable with it.	8/21/2023 4:04 PM
6	There is a pink mold in standing water. Not drinkable.	8/21/2023 1:41 PM
7	I get my drinking water provided at the balm beach road station. It is not user friendly. You need to crouch down while filling your water bottles which makes it difficult for those with knee or hip issues as well as the elderly. It should be made accessible even for those with a disability. It should also be covered from rain and snow considering we need drinking water year round.	8/21/2023 1:37 PM
8	We are seasonal residents but pay an annual fee	8/21/2023 1:35 PM
9	At certain times of the year the tap water smells. The water is inconsistent with the taste. The water is hard, I had to get a 7000 water filtration system	8/21/2023 1:33 PM

Q6 Do you test the water from your well?

Q8 Why do you not test the water from your well?

Answered: 48 Skipped: 315

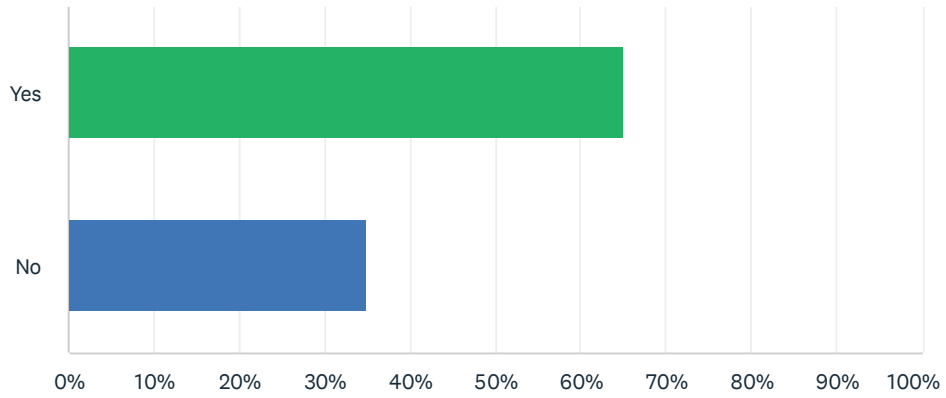

#	RESPONSES	DATE
1	We don't drink it, we fill up a container for our drinking water in perkinsfield.	9/14/2023 2:02 PM
2	we refill jugs at the Water Spot for drinking/cooking	9/14/2023 12:16 PM
3	It is ok	9/12/2023 9:46 PM
4	We use an expensive water treatment process with a water softener, filters and UV - no issues for cooking and cleaning but we do not drink it because of poor taste	9/12/2023 9:10 PM
5	It has not changed	9/12/2023 8:07 PM
6	Ultraviolet system	9/12/2023 4:17 PM
7	Because I get spring water from Elmvale and I have no idea where to get my water testes.	9/12/2023 11:35 AM
8	Bring drinking water separately	9/12/2023 10:25 AM
9	inertia - not on the radar: realize we should	9/12/2023 10:01 AM
10	don't know where to take it for testing	9/12/2023 9:35 AM
11	Do not know how or where to test.	9/12/2023 7:39 AM
12	I have a filter and UV system to clean the water	9/12/2023 7:01 AM
13	Don't drink it	9/12/2023 3:58 AM
14	Don't use for drinking	9/12/2023 2:42 AM
15	Get drinking water from Elmvale	9/11/2023 9:28 PM
16	Didn't think I had to	9/11/2023 8:51 PM
17	Don't drink it	9/11/2023 8:50 PM
18	I just always forget to do it - I want to - I will next year	9/11/2023 8:42 PM
19	Not convenient or easy to get the testing done	9/11/2023 8:42 PM
20	Do not drink it.	9/11/2023 8:42 PM
21	Good water located in the aquafir	9/11/2023 6:48 PM
22	Don't know if we have or not	9/11/2023 4:39 PM
23	It's the governments responsibility to keep source water clean, that's why the SSEA exists	9/2/2023 9:01 AM
24	We have a system from Water Depot in Wasaga	9/1/2023 9:21 AM
25	We have reliable Filtration	8/31/2023 4:00 AM
26	haven't gotten to it since we bought	8/27/2023 7:34 PM
27	Have whole home UV water system.	8/27/2023 1:45 PM
28	I am on a 3 stage filter system which does the testing. However, periodically I do actually test the water that has been through the filter system	8/25/2023 5:42 PM
29	We have a filtration system	8/23/2023 12:42 PM
30	Dropping the samples off not convenient. This, not used for drinking or cooking.	8/22/2023 10:24 PM
31	I don't even know where to get the bottles and where to get it tested anymore	8/22/2023 2:25 PM

Water Master Plan - Municipal Water Survey

32	Tested when drilled. Haven't found it necessary since.	8/21/2023 10:07 PM
33	1. Inconvenience of testing, test results are too broad, and not very informative. 2. We have a drilled well (105' depth) and an extensive water treatment system. UV, SO2 removal, softener, and RO.	8/21/2023 9:13 PM
34	Water has always tested good. I also have water filtration system	8/21/2023 6:44 PM
35	Not yet installed	8/21/2023 6:27 PM
36	Don't know how. Wasn't given a testing kit	8/21/2023 5:39 PM
37	Just moved in.	8/21/2023 4:42 PM
38	We don't use it for drinking.	8/21/2023 4:08 PM
39	Lid too heavy to lift	8/21/2023 3:11 PM
40	It is a deep drilled well (>100ft). It has been tested in the past with safe results. If the township mailed a test kit, we would test again.	8/21/2023 3:05 PM
41	Haven't felt a need. Everyone is healthy. No one has expressed symptoms from bad water	8/21/2023 2:35 PM
42	Have water purification system	8/21/2023 2:32 PM
43	I did two years ago	8/21/2023 2:29 PM
44	We don't drink well water We buy bottled water for drinking	8/21/2023 2:14 PM
45	Will be testing it soon	8/21/2023 2:10 PM
46	Not sure how,	8/21/2023 2:07 PM
47	Only use it for washing. Drinking and cooking water is from Water Stop	8/21/2023 2:04 PM
48	I only use it for washing.	8/21/2023 1:33 PM

Q10 Why do you not drink the water from your well?

Answered: 79 Skipped: 284

#	RESPONSES	DATE
1	It's contaminated	9/15/2023 6:17 AM
2	Don't feel safe	9/14/2023 4:06 PM
3	We fill a container in Perkinsfield and use that for drinking water each week	9/14/2023 2:03 PM
4	We get water from Elmvale aquifer	9/14/2023 12:42 PM
5	in the past it has not tested as good for drinking	9/14/2023 12:16 PM
6	It's surface water and contains too much tannin	9/14/2023 4:22 AM
7	feel the municipal water is safer to drink	9/13/2023 10:35 AM
8	We drink and cook with city water.	9/13/2023 9:56 AM
9	taste	9/12/2023 9:10 PM
10	Fails test	9/12/2023 6:10 PM
11	Not comfortable	9/12/2023 4:18 PM
12	-sandy sediment	9/12/2023 3:00 PM
13	Contamination	9/12/2023 2:38 PM
14	Because I don't get it tested and I don't want to take any chances	9/12/2023 11:35 AM
15	Inconsistent (unsafe) test results	9/12/2023 11:06 AM
16	Well water not tested	9/12/2023 10:26 AM
17	don't know if its safe. usually get drinking water from Tiny water on 10th conc	9/12/2023 9:36 AM
18	x	9/12/2023 7:39 AM
19	causionary	9/12/2023 7:36 AM
20	Too high a sulphur content	9/12/2023 6:40 AM
21	It is not hooked up to a filter or tested	9/12/2023 3:59 AM
22	Worry about e-cola and smell	9/12/2023 2:42 AM
23	Prefer to drink spring water	9/11/2023 10:17 PM
24	Don't test it	9/11/2023 9:28 PM
25	Not safe	9/11/2023 9:20 PM
26	It smells/doesn't taste good We treat it extensively so it's potable but still won't drink it. Even my laundry smells	9/11/2023 9:00 PM
27	Use water bottles	9/11/2023 8:51 PM
28	Don't want to test all the time	9/11/2023 8:50 PM
29	Had problems several years ago. Dont have confidence	9/11/2023 8:49 PM
30	Because we have not tested it	9/11/2023 8:47 PM
31	I would have to pay to have it thoroughly tested and I have not done that.	9/11/2023 8:46 PM
32	Risk of e.coli or other issues	9/11/2023 8:42 PM

Water Master Plan - Municipal Water Survey

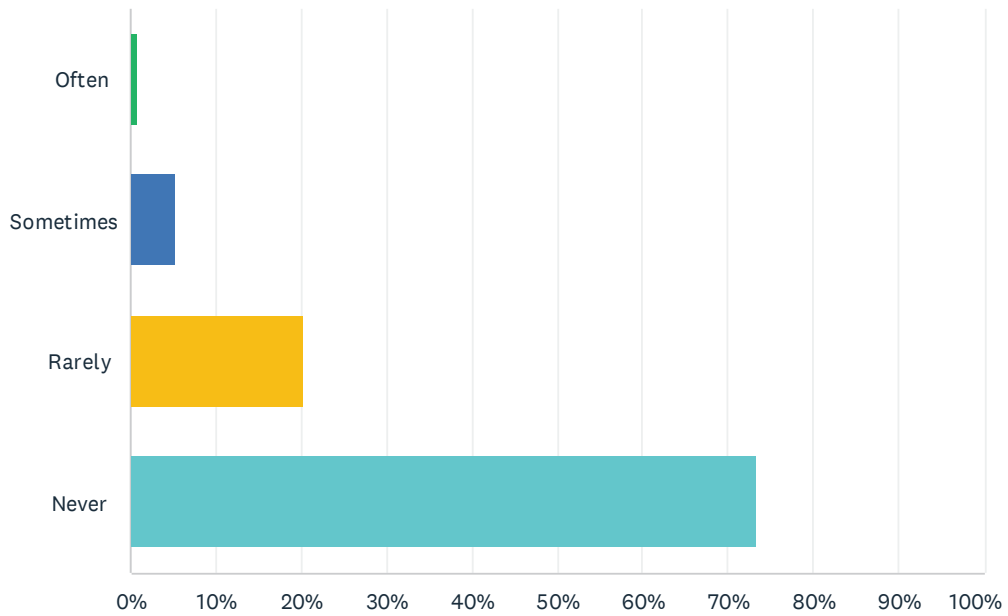

33	Not sure if safe to drink	9/11/2023 8:42 PM
34	Don't trust it	9/11/2023 8:04 PM
35	Used to bottled water in city and Tiny	9/11/2023 4:40 PM
36	Not safe	9/10/2023 8:45 AM
37	PRÉSENCE OF BACTERIA WHEN I HAVE MY WATER TESTED	9/9/2023 4:46 PM
38	High iron .. odour	9/8/2023 2:59 PM
39	We use bottled water. No reason for not drinking it. We do cook with it	9/7/2023 1:13 PM
40	Iron, Lead present. Do not have adequate filtration in place. Also need UV filter.	9/6/2023 8:29 PM
41	We have a low yielding well so we save the water for other things, also with small kids I would want to test more frequently than I find it convenient to do	9/4/2023 7:44 PM
42	Just in case	9/2/2023 5:19 PM
43	Smells bad	9/2/2023 9:01 AM
44	Prefer bottled water	8/26/2023 6:32 AM
45	I don't want to drink it.	8/24/2023 2:23 PM
46	Funny taste/odour	8/23/2023 11:51 AM
47	The water shows chloroforms even with a UV filter system.	8/23/2023 10:56 AM
48	Because I don't trust it is 100% safe to drink. Not a well but rather a standpoint.	8/22/2023 10:25 PM
49	Too much iron	8/22/2023 9:16 PM
50	We are not sure if it is safe	8/22/2023 10:17 AM
51	Just not comfortable	8/22/2023 9:16 AM
52	We have a dug well and it is not safe to drink	8/22/2023 7:38 AM
53	High iron content	8/21/2023 11:33 PM
54	we buy water from a retailer but we cook with our well water after test results come back okay	8/21/2023 8:57 PM
55	Not yet installed	8/21/2023 6:27 PM
56	Don't know the results of the water	8/21/2023 5:40 PM
57	It smells terrible. Was tested, supposedly by the sellers, but it smells terrible to me.	8/21/2023 4:43 PM
58	We're not comfortable drinking due to possible digestive problems.	8/21/2023 4:11 PM
59	Don't trust the tests	8/21/2023 4:07 PM
60	Smell - use jugs filled with township water	8/21/2023 3:51 PM
61	Taste	8/21/2023 3:22 PM
62	Because I do t know if it's safe	8/21/2023 3:12 PM
63	Use water jugs to ensure no daily issues for dug wells due to surface water infiltration.	8/21/2023 3:10 PM
64	Concerned after collingwood and walkerton problems and pollution coming from old paus dump	8/21/2023 3:06 PM
65	Prefer to drink bottled water. Use well water to brush teeth though.	8/21/2023 3:06 PM
66	high mineral count and often 'risk of coliform'.	8/21/2023 2:51 PM
67	Is not tested	8/21/2023 2:29 PM
68	Don't trust it if not teated	8/21/2023 2:14 PM
69	Was told it's not safe to drink or cook with it. Showering is fine.	8/21/2023 2:10 PM
70	Bc we don't test it	8/21/2023 2:08 PM

Water Master Plan - Municipal Water Survey

71	I do not have water treatment equipment installed yet.	8/21/2023 2:04 PM
72	Use a water softener so I don't like the taste	8/21/2023 2:02 PM
73	to much iron	8/21/2023 1:36 PM
74	It is discolored and smells rotten. I shock the well with bleach, but tired of testing.	8/21/2023 1:35 PM
75	Not clean enough	8/21/2023 1:33 PM
76	Prefer bottled	8/21/2023 1:32 PM
77	Not confident it is safe	8/21/2023 1:32 PM
78	Taste (added salt)	8/21/2023 1:32 PM
79	Not sure	8/21/2023 1:32 PM

Q14 Please tell us why you would not want to connect to municipal water.

Answered: 106 Skipped: 257

#	RESPONSES	DATE
1	There is no need to have municipal water when we have pure clean water without all the crap added from the town.	9/14/2023 5:37 PM
2	\$	9/14/2023 12:43 PM
3	We are seasonal residents and the water supply we have is both adequate for our needs and safe for drinking. We do not want to pay for water or drink water that has been treated chemically	9/14/2023 12:20 PM
4	So we could pay for it and use it you say	9/13/2023 8:53 AM
5	Well is working fine	9/12/2023 8:23 PM
6	Our water is fine and plentiful. Not willing to pay enormous amounts for something we don't need. Do not want the Township in perpetual debt for unnecessary infrastructure.	9/12/2023 10:22 AM
7	I want to be in control of what is in my water/water quality. I don't want treated water.	9/12/2023 9:27 AM
8	cost	9/12/2023 8:54 AM
9	Cost to install Annual Cost Disruption to land	9/12/2023 8:45 AM
10	The well is fine. The cost of municipal water infrastructure would be a crushing burden. This area is not densely populated and can support wells and septic systems.	9/12/2023 8:33 AM
11	My well work well.	9/12/2023 8:20 AM
12	Not a fan of chlorine	9/12/2023 7:57 AM
13	Chlorine	9/12/2023 7:50 AM
14	The cost would be prohibitive	9/11/2023 9:40 PM
15	Costs a lot more and our water is ok	9/11/2023 8:23 PM
16	Water from our well is safe and great, no need to change	9/11/2023 8:12 PM
17	Cost	9/11/2023 6:49 PM
18	Happy with our well. Don't want extra expense and don't trust the municipal water	9/11/2023 5:15 PM
19	I would not be interested in paying for treated water when I have perfect clean water from the well	9/11/2023 3:10 PM
20	I am very happy with the quality of our water. We just built our home and spent alot of money to get the well drilled, and water running into our home. I do not want to pay for the installation or use of town water. I do not want my property dug up to install water lines.	9/9/2023 9:14 AM
21	Like any other municipally supplied service, costs quickly get out of control (just look at last years ridiculous and insulting property tax hikes). I also feel our well water is of better quality.	9/8/2023 5:02 PM
22	well water very good, municipal water not necessary	9/8/2023 8:24 AM
23	Never had any trouble with the well or water quality and do not want the expense of connecting to municipal water.	9/7/2023 1:01 PM
24	Enjoy pure untouched fresh water. Makes best tea	9/4/2023 9:03 AM
25	Water is pure no chemical treatment	9/3/2023 8:27 PM
26	Have excellent well water, a great filtration system, therefore no need.	8/30/2023 9:22 PM
27	Happy with the water supply	8/30/2023 7:23 AM

Water Master Plan - Municipal Water Survey

28	I like having a well. Factor in why we made this purchase. Don't have to pay for my water. Can use when I want. Don't have to worry about chlorine and chemicals added.	8/29/2023 3:12 PM
29	Paid for well installation, water is clean, no additional costs required ... lack of clarity regarding costs offloaded to residents	8/29/2023 9:55 AM
30	Cost, double paying for infrastructure	8/28/2023 7:37 PM
31	We have the purest water in the world right here in Tiny. My family lives here for more than 100 years and never got sick from the water. I don't want to rely on someone else to provide me good drinking water or worry about usage restrictions and the cost for infrastructure to increase water supply from the township	8/28/2023 6:21 PM
32	We have invested in a bored well that produces pure water. WE as a consequence not only have pure drinking water but water sufficient for all of our needs without any further cost. Municipal water service is expensive to implement and very expensive to monitor and we do not feel such an expense is warranted nor do we want to add any further expenses to our home here in Tiny. There is an adage that applies when government enacts change usually by statute, regulation, or by-law: Identify the evil you need to address and draft your proposed change. Then step back and determine what additional evils you have created by your proposed change. In our case and for those along Bow Road and the waterside of Peek-a-boo Trail no "WATER EVIL" exists which needs the municipality's attention. Further, any decision to go to municipal water would amount to additional an "EVIL": to wit additional unwarranted homeowner costs, further expansion of municipal employees and infrastructure at taxpayer cost and potential water restrictions. In so far as new construction is concerned those wanting to build should provide their own water at their own cost and not at the municipalities expense for employees and infrastructure. Farmers in Tiny do it, most permanent and seasonal residence except those on existing expensive municipal water systems do it so should new builds.	8/28/2023 3:46 PM
33	I don't need to pay for something that's free. Water is a basic right and no one should have to pay for it	8/27/2023 7:34 PM
34	We draw from the Aquifer that has been tested as the purest water in the world, why would I want to be on municipal water which you put chemicals in to "purify".NO THANK YOU!!!!	8/27/2023 7:15 PM
35	There is no municipal water facility anywhere close to us so the cost to implement such a facility would make the water very expensive.	8/27/2023 4:21 PM
36	Cost and regulation	8/26/2023 6:32 AM
37	Why would I when nothing is wrong with mine? Why would I have an added expense when it is hard to pay for things as it is now!	8/25/2023 10:30 AM
38	I have a brand new drilled well and don't need to be on any city water	8/24/2023 11:50 PM
39	We have great water from our well.	8/23/2023 9:14 PM
40	because municipal water tastes like floride	8/23/2023 8:28 PM
41	Well water is natural clean water. Not sewer treated water And we pay enough taxes. Ridiculous taxes.	8/23/2023 8:17 PM
42	I have no need to, as my water supply is reliable and filtered	8/23/2023 8:09 PM
43	We have a well that works and has been working for years, and the water is clean. Property taxes are high enough as it is.	8/23/2023 7:50 PM
44	Tiny boasts the purest water in the world , why would I ever want to pay to connect and pay again yearly for treated water . Township should embrace and encourage the use of this precious resource .	8/23/2023 5:37 PM
45	I have perfectly good well water. I am in control of what I drink. I will NOT be paying for municipal water	8/23/2023 4:34 PM
46	can't afford extra cost, all utility bills are too high as it is.	8/23/2023 4:19 PM
47	Im not paying more in taxes. you have already upped the taxes and tax payers have not seen any upgrades. it is not feasible to run water mains down concessions or past farmers fields. 1% of tiny might be on municipal water. Will never switch from my well.	8/23/2023 3:48 PM

Water Master Plan - Municipal Water Survey

48	I've already paid for my water, why would I want to pay again? And for a more inferior water.	8/23/2023 12:45 PM
49	Our well is only 4 years old, and we love our water	8/23/2023 12:44 PM
50	We have the best drinking water. It's one of the reasons I moved here	8/23/2023 7:23 AM
51	My well water is pure. I am in control of what I drink and shower in. I pay exorbitant taxes, Hydro one. I am not paying for municipal water. Ever	8/22/2023 11:41 PM
52	I take full responsibility for managing my well and my drinking water. My well is pure and clean. So much better than city or town water.	8/22/2023 8:23 PM
53	I manage my well. I know the quality of the water and I like it. I do not want to taste chemicals. I am free to use as much water as I want to, whenever I want to, for whatever purpose I want to.	8/22/2023 8:11 PM
54	I absolutely love my fresh drinking water which is devoid of harsh toxic chemicals. Nor do I want to incur a humongous expense to switch over and start paying for the heavily chlorinated municipal water when I get to freshest water in the world for free.	8/22/2023 6:56 PM
55	Well water is drinkable. Municipal water terrible	8/22/2023 3:57 PM
56	Because it would probably mean installation costs and more municipal taxes. I am satisfied with the taste of my water and the UV and filtration system I have.	8/22/2023 2:27 PM
57	The water from our well is crystal clear and free from contaminants. Best of all - it's free!	8/22/2023 1:12 PM
58	Extremely costly for the infrastructure to implement this. Also we have the most pristine water supply in the world in this area so we fail to see the benefit. Also what would be the source of the water?	8/22/2023 7:46 AM
59	that would cost money	8/22/2023 12:26 AM
60	When we purchased our lot we were advised that town water was not being provided. Therefore. We paid for drilling and installation of our own well. I'm not interested in town water.	8/21/2023 10:12 PM
61	Cost and do not want chlorine in my drinking water	8/21/2023 8:24 PM
62	Well water is natural and clean, no need to connect to treated water from the muni.	8/21/2023 7:49 PM
63	For 32 years our water supply from our well has served us beautifully and is delicious	8/21/2023 7:38 PM
64	I have good unlimited water for free	8/21/2023 6:45 PM
65	Do not want treated water. Do not want chemical exposure. Not prepared to pay the installation and upkeep costs.	8/21/2023 6:36 PM
66	Cost and perhaps some treatments of the water	8/21/2023 5:36 PM
67	Our well is new and will have a lifetime of water usage. At our previous home in Wyevale. We were on municipal water before and there is definitely a taste difference and we have had yellow/brown water issues at that time.	8/21/2023 5:06 PM
68	Well is fine. Cost of municipal supply	8/21/2023 3:23 PM
69	The tax to maintain the system would be too expensive given the low density of the community. Also concerns about pipe to house freezing in winter. Already invested in drilled well.	8/21/2023 3:10 PM
70	Our well provides perfect water at no cost except for the pump operation electrical cost. It is icy cold, clean and delicious. It is an artesian well.	8/21/2023 2:39 PM
71	I do not want chlorine or fluoride added to my water	8/21/2023 2:36 PM
72	Do not need the service. My water quality and pressure is excellent.	8/21/2023 2:30 PM
73	We have excellent water, never run out, do not need any additives put into my drinking water and definitely not interested in being regulated by the township.	8/21/2023 2:21 PM
74	Would connect	8/21/2023 2:15 PM
75	like the well water - no chemical taste - since installing well, no further expense - like the	8/21/2023 2:11 PM

Water Master Plan - Municipal Water Survey

	independence	
76	I would need to know more about first	8/21/2023 2:11 PM
77	I do want municipal water for a clean and reliable source	8/21/2023 2:08 PM
78	The cost	8/21/2023 2:08 PM
79	Cost primarily	8/21/2023 2:06 PM
80	I would connect	8/21/2023 2:03 PM
81	I have no reasons not to connect. Also, my neighbours well is on our property-anoying.	8/21/2023 1:56 PM
82	I do not like the taste of chlorinated (or at least the water in Wyevale) water.	8/21/2023 1:51 PM
83	I would want to know the details before I made the decision.	8/21/2023 1:51 PM
84	I've installed a water purification system which gives me clear/clean water.	8/21/2023 1:50 PM
85	Monthly cost .Water in and water out	8/21/2023 1:48 PM
86	No concerns with amount of water used. Monthly costs of water in/out vs electricity cost of pump.	8/21/2023 1:48 PM
87	No reason	8/21/2023 1:47 PM
88	Cost and believe we'll water is more pure and better tasting	8/21/2023 1:45 PM
89	I would want to	8/21/2023 1:44 PM
90	I would as long as the charge for this service was not overly expensive.	8/21/2023 1:41 PM
91	Convenience and better market value for the property.	8/21/2023 1:40 PM
92	I do want to connect,but would I have to bypass my pump, and connect.	8/21/2023 1:39 PM
93	I would have to pay more taxes, trench 150 ft to the street and then pay for water.	8/21/2023 1:38 PM
94	Because we have potable water.	8/21/2023 1:37 PM
95	Due to the original cost to dig the well and setting up the system including the septic tank. There will be positive return on my investment. With municipal water I will have to pay for water and sewage even if I don't use it.	8/21/2023 1:37 PM
96	Cost of service. Water is fresh from ground. Why would I want treated municipal water...?	8/21/2023 1:36 PM
97	Not sure if benefits would outweigh the cost, until we can make it permanent resident	8/21/2023 1:36 PM
98	I would 100% connect to municipal water. It is tested, reliable clean smelling and tasting.	8/21/2023 1:35 PM
99	I'm quite happy with our own water as long as the township protects our land and stops the trucking of land from Darby Road	8/21/2023 1:35 PM
100	I answered that I WOULD want to connect to it.	8/21/2023 1:34 PM
101	I WOULD	8/21/2023 1:33 PM
102	Cost	8/21/2023 1:33 PM
103	Walkerton	8/21/2023 1:33 PM
104	I want to connect to municipal water	8/21/2023 1:33 PM
105	We just drilled a new well, and our water is good.	8/21/2023 1:32 PM
106	The convenience and no longer dependent on septic system.	8/21/2023 1:32 PM

Q15 Please tell us why you are unsure about connecting to municipal water.

Answered: 33 Skipped: 330

#	RESPONSES	DATE
1	Cost and taxes going up.	9/14/2023 2:04 PM
2	Cost of connections and cost of water supply vs private well. Qualifications of water operators, water quality..	9/13/2023 8:53 PM
3	Because we have clean fresh chemical free water so why do differently	9/13/2023 12:45 AM
4	We have a brand new well that cost in excess of \$10,000 to install because we didn't have an option for municipal water. What would the cost be to connect to municipal water and what would be the benefit?	9/12/2023 6:28 PM
5	Because the Township would charge me thousands of dollars to that and then tax me forever for doing it	9/12/2023 11:37 AM
6	Cost? Feasibility of hook up...	9/12/2023 10:27 AM
7	relatively infrequent use of property	9/12/2023 10:03 AM
8	Depending on cost and reliability.	9/12/2023 7:40 AM
9	cost of monthly service and fees and property tax increase in perpetuity	9/12/2023 7:38 AM
10	The cost	9/12/2023 7:02 AM
11	My well water is free	9/12/2023 6:55 AM
12	I'm a renter so I don't know what my landlord would do	9/12/2023 4:59 AM
13	Just paid large for well	9/11/2023 11:12 PM
14	Concerned about the cost	9/11/2023 10:18 PM
15	There is nothing wrong with mine.	9/11/2023 10:08 PM
16	depends on cost	9/11/2023 9:14 PM
17	We are currently seasonal residents and fill up some water jugs on the way to the cottage that generally meets our needs.	9/11/2023 8:45 PM
18	As long as the spring water is safe for drinking, we would want to continue with that.	9/11/2023 2:48 PM
19	Will it mean higher taxes?	8/27/2023 11:11 AM
20	Well if it were the same price as my well water (about 300 a year to replace the filter, and periodic, VERY periodic pump replacement, then I would consider it. But I realize putting in a system along the beach road would be very expensive and disruptive. I'm happy with the well.	8/25/2023 5:44 PM
21	Cost, impact of trenching on property to bring in pipes	8/24/2023 7:17 PM
22	price	8/22/2023 5:11 PM
23	I don't know what the advantages would be and feel it would be very expensivr	8/22/2023 1:20 PM
24	1. Chemicals used in water treatment process. 2. Maintenance costs, cost of infrastructure. 3. Who's going to connect to existing house. What's the warranty. What happens when there's faulty installation. 4. Who pays for the water line installation from road to house? Who's responsible for internal plumbing (retrofit)?	8/21/2023 9:25 PM
25	don't believe that water will come in where we are	8/21/2023 8:06 PM
26	I just paid a lot of money for new equipment	8/21/2023 6:02 PM

Water Master Plan - Municipal Water Survey

27	Hardness of water, cost of water for seasonal use and maintenance of the quality of water in the system.	8/21/2023 4:13 PM
28	Cost. Quality of water.	8/21/2023 3:08 PM
29	do not want to destroy natural habitats along roads/areas as we are close to shoreline. Also lack of confidence in town maintenance capacity	8/21/2023 2:53 PM
30	Cost	8/21/2023 2:25 PM
31	We have a drilled well and don't need any extra cost	8/21/2023 1:40 PM
32	Chlorination etc	8/21/2023 1:33 PM
33	My well is not old	8/21/2023 1:33 PM

18	Weekly or 2 times a week when in use.	8/21/2023 1:40 PM
19	Bottles refilled at taps on Balm Beach Road. Or purchased bottles.	8/21/2023 1:38 PM
20	Drinking water from public taps in Perkinsfield. Non-drinking water from lakeside well.	8/21/2023 1:36 PM

Q17 If municipal water was available in your area, would you want to connect to it?

Answered: 20 Skipped: 343

ANSWER CHOICES	RESPONSES	
Definitely would	50.00%	10
Probably would	45.00%	9
Probably would not	5.00%	1
Definitely would not	0.00%	0
Unsure	0.00%	0
TOTAL		20

Q18 Please tell us why you would not want to connect to municipal water.

Answered: 5 Skipped: 358

#	RESPONSES	DATE
1	Drinking water is collected from Elmvale. Drilled well on property provides balance of water. Too many chemicals in municipal water. But I believe municipal water is a good thing, particularly for those with dug wells.	8/22/2023 5:18 AM
2	Cost	8/21/2023 2:26 PM
3	Cost	8/21/2023 1:40 PM
4	Prefer clean un treated georgian bay deep well water	8/21/2023 1:34 PM
5	My well is new and working well	8/21/2023 1:33 PM

Q19 Please tell us why you are unsure about connecting to municipal water.

Answered: 4 Skipped: 359

#	RESPONSES	DATE
1	It may cost too much	8/21/2023 2:26 PM
2	Cost	8/21/2023 1:40 PM
3	Treatment	8/21/2023 1:34 PM
4	Cost	8/21/2023 1:33 PM

Q20 Do you have any other comments, suggestions, or questions about water in Tiny?

Answered: 242 Skipped: 121

#	RESPONSES	DATE
1	Please bring drinking water to our area	9/15/2023 6:18 AM
2	No	9/14/2023 8:42 PM
3	Stop the sprawl and we will not have the issues of low or running out of water as some people do. They all think they live in the city, we do not want them.	9/14/2023 5:38 PM
4	No	9/14/2023 4:07 PM
5	No	9/14/2023 2:04 PM
6	Don't force owners to have municipal water. Everything has worked the way way it is now for over 50 years.	9/14/2023 12:46 PM
7	How is water quality ensured?	9/14/2023 9:36 AM
8	I wish the water pump in perkinsfield was easier to use	9/14/2023 4:23 AM
9	is Tiny promoting water conservation? Education for water usage and septic systems for new owners and short term rentals etc. Are planners ensuring new large cottages have properly sized and spaced wells and septic?	9/13/2023 8:57 PM
10	No	9/13/2023 6:49 PM
11	The water is a bit hard. We need to use a filter to not get mineral deposits on everything. However I also understand that water softening can cause a lot of chloride to enter water systems, which can be an issue.	9/13/2023 6:25 PM
12	The Water Restriction Policy should be followed more closely to prevent wasting our precious water. Very satisfied with our water services-staff is great!!	9/13/2023 2:54 PM
13	np	9/13/2023 10:36 AM
14	Well water in this area is the purest	9/13/2023 8:54 AM
15	N/A	9/13/2023 7:50 AM
16	Gravel pit across the road is going down more every year and who monitors that they are not effecting the water sources. Hope they are not responsible to report their own results as this is like having the wolf caring the chicken coop.	9/13/2023 12:48 AM
17	Why are nitrate levels so high? I believe staying with a flat rate is the fairest way to satisfy both full time and seasonal residents. Why should full time residents bare most of the cost for seasonal residents? Going to a metering system will be costly to implement and monitor. Keeping the current system distributes the cost evenly between full time and seasonal residents.	9/12/2023 10:19 PM
18	Besides a reliable service public water needs to be drinkable - some municipal water services have way too much chlorine and difficult to filter it out without removing the important minerals in home.	9/12/2023 9:15 PM
19	Water quality is excellent from wells in Tiny	9/12/2023 8:24 PM
20	Eventually water needs to be available to all residents	9/12/2023 7:47 PM
21	You ask all these questions but with no indication of what our costs woud be!	9/12/2023 6:48 PM
22	To be honest, the road conditions in the neighbourhood are dismal. How would they be impacted, positively or negatively by expanding the municipal water system.	9/12/2023 6:30 PM

Water Master Plan - Municipal Water Survey

23	2 years ago we had an ongoing issue, the Town workers came out. We paid for and had part of our line replaced as they said there was a leak and the Town did some work at the water valves at the front of our property. Despite this we still have periodic dirty water. There's also always a strong chlorine smell	9/12/2023 6:13 PM
24	No	9/12/2023 6:11 PM
25	When might a change occur?	9/12/2023 4:21 PM
26	Our water was great until about a year ago. We moved here in 1994 as permanent residents. Then it started to form a sediment on the kettle when I boiled water. I was hoping this was something temporary but since it continues, I've started to purchase water for making tea.	9/12/2023 3:24 PM
27	What costs would be involved in hooking up to street watermain	9/12/2023 3:02 PM
28	Very interested to understand longer term infrastructure plans as the Tiny is shifting its residency demographics.	9/12/2023 2:40 PM
29	Why have the water taxes increased so much?	9/12/2023 12:11 PM
30	I'm happy with what I got	9/12/2023 11:37 AM
31	No	9/12/2023 11:36 AM
32	How much would municipal water be upfront? (connect fee?) Ongoing?	9/12/2023 11:08 AM
33	Municipal water would be a great boon.	9/12/2023 10:35 AM
34	no	9/12/2023 10:30 AM
35	Water supply by municipality should be restricted to existing systems. A study could look at over developed areas like Balm Beach but other areas like Cawaja are sparse enough to support wells and septic.	9/12/2023 10:28 AM
36	N	9/12/2023 10:27 AM
37	Don't put water meters in our municipal systems. That turns water into a commodity for profit.	9/12/2023 10:25 AM
38	not at the moment	9/12/2023 10:05 AM
39	Make the station more accessible - the new taps/pumps that were installed a few years ago are very difficult to hold down. Especially for older residents - I've often had to help hold it for them if filling water at the same time.	9/12/2023 10:03 AM
40	cost ?	9/12/2023 9:54 AM
41	we used to have lots of good water from our dug well, until we were forced to decommission and had to get a drilled well	9/12/2023 9:40 AM
42	Our water is very hard which has problems in terms of appliances and faucet flow	9/12/2023 9:36 AM
43	No	9/12/2023 9:27 AM
44	no	9/12/2023 9:12 AM
45	Will municipal waste water service ever be offered.	9/12/2023 8:54 AM
46	The Township should restrict its studies to over developed areas existing systems, and not allow development dense enough to require water supply.	9/12/2023 8:40 AM
47	The convenience of good water everywhere would be great. No softeners that require salt to reset the resin.	9/12/2023 8:25 AM
48	No just I am satisfied with what I have	9/12/2023 7:59 AM
49	No	9/12/2023 7:50 AM
50	Poor control by township of flooding around my neighbourhood. Water from one side of Con 11(culvert near Ukrainian church rund under road redirecting water to our side instead of running straight down road towards the beach. Spring flooding always on Beauremi.	9/12/2023 7:44 AM
51	no	9/12/2023 7:38 AM

Water Master Plan - Municipal Water Survey

52	No	9/12/2023 7:02 AM
53	no	9/12/2023 7:01 AM
54	No	9/12/2023 6:56 AM
55	Yes please. Please fix the township water altars at balm beach road so they are not so slow and have to depress a button. They used to be so much better. Everyone complains. Thank you.	9/12/2023 6:41 AM
56	Will Municipal water be able to service Balm Beach?	9/12/2023 5:00 AM
57	The source of my municipal water is Mississauga. Have imported for the past 35 years. I do not trust my own well in Tiny because water is untreated.	9/12/2023 4:51 AM
58	No	9/12/2023 4:00 AM
59	No	9/11/2023 11:12 PM
60	No	9/11/2023 10:54 PM
61	Water at Balm Beach and Penetanguishene uses high amounts of chlorine.	9/11/2023 10:33 PM
62	The water is too hard	9/11/2023 10:03 PM
63	I find that the water has very strong fluoride/or some strong unpleasant taste and strong odour Otherwise I'm happy that they test so often	9/11/2023 10:02 PM
64	We hope municipal water will eventually be available on Susan Court given the infrastructure exists right next to us on Fernanne Drive.	9/11/2023 10:02 PM
65	There is a lot of mineral build up with the water	9/11/2023 9:53 PM
66	I have hard water.	9/11/2023 9:51 PM
67	Would like to know that public sites for getting water are safe.	9/11/2023 9:51 PM
68	The stated o growth policy of the twp where even land that has been in development holding for 50 years is now greenbelt does not equate with any expansion of water systems.Also water expansion cannot occur without sewers.Now you have Wasaga beach.Tiny also has very high water table adding exponential cost to sewer and water.I would like one hour with your main engineer.	9/11/2023 9:48 PM
69	Is there a plan for municipal water in the area	9/11/2023 9:30 PM
70	N/a	9/11/2023 9:28 PM
71	Cawaja Village which includes Robern has municipal water, we should be able access municipal water on LeFaive.	9/11/2023 9:21 PM
72	Don't build a new Municipal Building Roads and water are second and third place behind reasonable tax increases which are not twice the current rate of inflation. Scrap the new Municipal Byildung now	9/11/2023 9:07 PM
73	Make every community in tiny have a water meter not just wyevale that's not right	9/11/2023 9:02 PM
74	We really need to be tied in to municipal water	9/11/2023 9:02 PM
75	None at this time.	9/11/2023 8:52 PM
76	Would love municipal water	9/11/2023 8:51 PM
77	Residents want safe, filtered, highly inspected drinking water.	9/11/2023 8:51 PM
78	No	9/11/2023 8:50 PM
79	I would love to have the opportunity to connect to Town of Tiny water system - thank you	9/11/2023 8:48 PM
80	No	9/11/2023 8:45 PM
81	It is much softer than I had in Springwater but ok	9/11/2023 8:24 PM
82	Don't let the gravel pit take good water to wash rocks!	9/11/2023 8:12 PM

Water Master Plan - Municipal Water Survey

83	We need to be connected to the townships water supply.	9/11/2023 8:05 PM
84	No fluoride !!!!	9/11/2023 7:23 PM
85	No	9/11/2023 6:49 PM
86	Since the Walkerton crisis the quality of the water delivered via the municipal system has deteriorated with the additional chemicals added to the water. Additionally, the cost of the municipal water service has skyrocketed especially for seasonal residents who do not use the same amount of water as full time residents. Perhaps it is time to consider water meters to ensure fair pricing to municipal water users.	9/11/2023 6:28 PM
87	I would like to see meters installed throughout the township . STR operators pay the same as we do but are using twice as much . People need to be accountable for their water usage.	9/11/2023 6:20 PM
88	Don't attempt to force existing well areas to switch to municipal water	9/11/2023 5:16 PM
89	No	9/11/2023 4:41 PM
90	I would not be interested in municipal water	9/11/2023 3:10 PM
91	I would like residents to have the ability to put in a well instead of being forced to have housing built that serves municipal water.	9/11/2023 2:53 PM
92	Water usage should be metered. More permanent residents are now increasing and future supply should be considered.	9/10/2023 9:19 PM
93	Yes we are planning to retire in tiny, and would definitely support this project	9/10/2023 8:47 AM
94	EFFECT ON WATER SOURCE AND QUALITY FROM : POPULATION GROWTH, MORE WELLS BEING DUG AND DRILLED, BIGGER HOMES BEING BUILT,	9/9/2023 4:52 PM
95	I hope any changes to how water is delivered to homes will be totally voluntary and no mandatory costs are inflicted on the property owners in Tiny. The idea of these changes should have been told to people applying for building permits in the last 5 years at least.	9/9/2023 9:16 AM
96	Focus on new residential development areas only. They don't typically have alternatives to municipal water supplies.	9/8/2023 5:03 PM
97	Pauze Landfill site and it's contaminates and location of plume	9/8/2023 3:01 PM
98	no	9/8/2023 8:24 AM
99	I may drill a well one day. I just thought that because the municipal water shut off is directly across the street from my house. I would consider seeing cost wise which method would work best	9/7/2023 1:16 PM
100	No	9/6/2023 8:30 PM
101	My concern is that the water system in our area apparently does not provide for serviceable fire hydrants. Can the pressure/water availability be increased to add this benefit.	9/6/2023 1:35 PM
102	Please bring municipal water to my area. We do appreciate the water depot on balm beach but water to our house would be even better !	9/4/2023 7:46 PM
103	Tiny should make effort to provide essential service of fire hydrants to all residents.	9/4/2023 5:00 PM
104	Taxes are too high & services are few	9/3/2023 7:00 PM
105	Please bring in the water	9/2/2023 5:19 PM
106	To get water now is almost free so to hook up to town water it would have to be a reasonable price in keeping with other municipalities. Will this be the plan? Also as a seasonal resident i would expect that we would not have to pay for the 6 months we are not occupying the property and not using water. Is this the plan?	9/1/2023 6:55 PM
107	When are you planning on installing municipal water for all.residents?	9/1/2023 9:22 AM
108	Water restrictions time schedule should be changed.	9/1/2023 8:54 AM
109	Worry about the areas with big concentrations of residents! Worry about attracting businesses to township!	8/30/2023 9:23 PM

Water Master Plan - Municipal Water Survey

110	No	8/30/2023 7:23 AM
111	Can the water pressure be increased?	8/30/2023 7:13 AM
112	Nil	8/29/2023 9:55 AM
113	Stop charging for water use and trying to control our lives. We live beside Georgian bay.	8/28/2023 9:31 PM
114	Existing system maps(?)	8/28/2023 7:38 PM
115	More wells by the township means an increase in taxes to pay for the infrastructure and monitoring. If it's not broken than leave it alone as the saying goes.	8/28/2023 6:24 PM
116	Our prior comments sum it up. Other of our neighbours similarly situated have thte same view.	8/28/2023 3:52 PM
117	Please make your priority to upgrade the existing water systems.	8/27/2023 7:16 PM
118	concerned that scale of development does not sufficiently address the availability of ground water for new and continued use by existing residents	8/27/2023 4:45 PM
119	None at this time	8/27/2023 4:21 PM
120	No	8/27/2023 3:07 PM
121	We are too careless about protecting our water. We allow aggregate extraction near water aquifers. We allow fecal runoff into La Fontaine creek. We allow jetskis to gas up at our beaches. Our water is a precious resource, we need to treat it as such.	8/27/2023 1:51 PM
122	We'd be SO delighted to get municipal water service!	8/27/2023 11:14 AM
123	No	8/27/2023 11:11 AM
124	Was there a tendering process for the selection of Tatham Engineering for this Master Plan? Will the artesian faucet at Nicole/TBRS be controlled under this Master Plan, along with any others located with Tiny? If not is their water consumption at these known points, and they're continuous flows, be charged against the entire municipality as "other uses", ie. hidden costs from unknown/known sources? Water is a precious commodity.	8/27/2023 9:21 AM
125	No. I see a system makes sense in a community (Perkinsfield etc) but has financial drawbacks in most areas	8/25/2023 5:46 PM
126	Our street has no fire hydrants	8/25/2023 1:27 PM
127	People with their own private wells should also not be forced to connect to the "Towns" water if it is put in! Thank you!	8/25/2023 10:31 AM
128	Stop messing with it. Stop the gravel pits.	8/24/2023 11:51 PM
129	no	8/23/2023 8:28 PM
130	Leave the water in tiny alone.	8/23/2023 8:17 PM
131	What would be the purpose of switching to municipal water?	8/23/2023 8:11 PM
132	please take care of the existing Municipal Wells , they are antiquated and in need of repair , the majority of Tiny is on private wells and spread out over a very large rural township , I don't see any benefit in removing the private wells unless the resident wants it . Walkerton taught us all a lesson and that was Municipal water , I would rather be responsible for my own safety and WELL being .	8/23/2023 5:42 PM
133	Adamantly oppose using municipal water. Leave "well" enough alone	8/23/2023 4:34 PM
134	Tiny should be more focused on road repairs, concession 6 east is getting terrible. Not focusing on where or how to get tax payers on your water to increase monthly bills.	8/23/2023 3:50 PM
135	No	8/23/2023 12:45 PM
136	I would like to see Tiny investigate installing municipal water in areas of smaller lots - Balm Beach, old Deanlea Beach, parts of Woodland	8/23/2023 11:52 AM
137	Just that I wish our area would offer municipal water.	8/23/2023 11:21 AM
138	The cost of a municipal water supply would influence my choice.	8/23/2023 10:57 AM

Water Master Plan - Municipal Water Survey

139	No	8/23/2023 9:22 AM
140	We have always had low water pressure it would be nice to have a little more pressure	8/23/2023 9:09 AM
141	No	8/23/2023 7:25 AM
142	Don't touch the water	8/23/2023 7:23 AM
143	No, just leave our wells alone. We are just fine	8/22/2023 11:42 PM
144	With all the 'homes' being built in my area, I wonder about not having a municipal water system and specifically fire hydrants in my area of Tiny.	8/22/2023 10:32 PM
145	Pleas update me. I am eager to have municipal water	8/22/2023 7:53 PM
146	I think I pretty much covered it but if I wasn't completely clear, I say a HUGE NO to municipal water.	8/22/2023 6:58 PM
147	no	8/22/2023 4:55 PM
148	More Awareness of how and where to get the water tested.	8/22/2023 2:28 PM
149	No	8/22/2023 1:20 PM
150	Get rid of the gravel mining! Stop playing Russian roulette with our precious natural resource - the acquifier.	8/22/2023 1:14 PM
151	It would be amazing if we could get municipal water and I am sure from talking to my neighbours many others would too	8/22/2023 10:18 AM
152	Appreciate the ability to participate, thanks.	8/22/2023 9:29 AM
153	Like water pressure	8/22/2023 9:08 AM
154	Reduce the usesge of freshwater for gravel washing and support of gravel pits. Invest in protecting and preserving our precious water source.	8/22/2023 7:48 AM
155	We would like to see a municipal water system.	8/22/2023 7:39 AM
156	Happy to have municipal water.	8/22/2023 7:09 AM
157	Municipal water would be a benefit to Balm Beach, even though I would personally not connect to it due to chemical content.	8/22/2023 5:21 AM
158	How often do you test the water once or several times a day, weekly etc. Can you pin point a leak in the piping? Or does it go unnoticed until you see a flood or so.e evidence. What chemicals do you use to use for bacteria and are they safe. Do you use something we should be aware of that's not been revealed? Are we safe from the long term effects of our dump that was closed down on concession 9. From leaking into our water system? Can we have the results of on going results from water checks on line or sent by mail to homes who may not have computers or away on seasonal snow birds? Thank you for your time.	8/22/2023 1:00 AM
159	no, but do sewers come with water?	8/22/2023 12:27 AM
160	1. Is there an opt in/out option? 2. Where is the water sourced? 3. What is the estimated monthly cost for municipal water? 4. Infrastructure costs. How's it going to be recovered? 5. Length of actual project construction 6. Project timeline	8/21/2023 9:33 PM
161	Too expensive	8/21/2023 9:24 PM
162	Well water with a UV filter is 10 times better than any municipal water system	8/21/2023 8:25 PM
163	In order for our water to stay clean and portable we need to rethink the gravel pit on French Hill. It is endangering the aquifer and ecosystem.	8/21/2023 8:09 PM
164	Want to keep our water pure	8/21/2023 8:06 PM
165	All new industrial projects that require water should be modelled to ensure there is no water table drawdown or contamination whatsoever.	8/21/2023 7:50 PM
166	No	8/21/2023 7:38 PM
167	No	8/21/2023 6:45 PM

Water Master Plan - Municipal Water Survey

168	I am concerned with the long term impacts of gravel mining and what harm the activities will have on the water source that my area depends on	8/21/2023 6:44 PM
169	No.	8/21/2023 6:36 PM
170	Bring the water to the area	8/21/2023 6:28 PM
171	No	8/21/2023 6:02 PM
172	Make it safe for consuming	8/21/2023 5:40 PM
173	Concerned about quarry's use of water and water extraction by companies for the commercial sale of bottled water !	8/21/2023 5:39 PM
174	The well water is good but municipal water would be more reliable.	8/21/2023 5:27 PM
175	No and not interested in joining municipal water systems.	8/21/2023 5:06 PM
176	Yes! Stop spreading untreated septage - a recipe for disaster.	8/21/2023 5:02 PM
177	No	8/21/2023 4:44 PM
178	No	8/21/2023 4:33 PM
179	How would you deal with seasonal residents on the municipal water with costs, initial installation costs and usage fees.	8/21/2023 4:17 PM
180	For drinking water I fill jugs at the public faucet on Balm Beach Road near Perkinsfield. However the water tastes terrible, with way too much chlorine!	8/21/2023 4:09 PM
181	Sewer is more important than water	8/21/2023 4:07 PM
182	We installed a water softener and we still get black rings in the toilet bowls.	8/21/2023 4:05 PM
183	Would we be getting municipal water soon	8/21/2023 3:52 PM
184	Let's protect this wonderful water!	8/21/2023 3:43 PM
185	I do not drink the water any longer because of it's awful bleachy taste.	8/21/2023 3:12 PM
186	It would be nice to have a bit more pressure. other than that, it's pretty good.	8/21/2023 3:12 PM
187	Has a cost/benefit analysis been done on the existing scattered systems? I.e. would it be more economical for the township to drill wells for each resident and turn over responsibility for water to each resident given the low residential density of Tiny.	8/21/2023 3:12 PM
188	No	8/21/2023 3:11 PM
189	Are their newer technologies for water filtration that are safer and involve less environmental impact than complete municipal water systems would.	8/21/2023 3:10 PM
190	Do not approve of the watering schedule time	8/21/2023 2:53 PM
191	No. It taste great and seems to always be there when I need it.	8/21/2023 2:51 PM
192	Why did the public water taps in Penetang get removed years ago? We used those all the time. Need municipal water access in Penetang, Lafontaine and Midland (perhaps it exists in Midland but I don't know where it is). Now we go to Elmvalle on Hwy 26	8/21/2023 2:51 PM
193	Is there a problem with the existing water system? This project IMPLIES that there may be an exiting problem/issue to solve, but point not indicated. WHY are we doing this study?	8/21/2023 2:49 PM
194	Cost of water is excessive	8/21/2023 2:48 PM
195	Yes...our Township and the municipality of Simcoe need to stop providibg permits to the companies who want access to the groundwater at various locations north of Tiny. They need to recycle the water to wash. Our water is a resource that is worth more than what those companies pay government. We were disappointed with council's wishy wasn't stand on the matter. Protect our water, please!!	8/21/2023 2:45 PM
196	TiNY can be doing so much more to protect our groundwater. I don't understand why am environment first Council is not putting more protective measures in place.	8/21/2023 2:37 PM

Water Master Plan - Municipal Water Survey

197	Why was Wyevale the community closed to initiate metered water when there are older system that could have been chosed	8/21/2023 2:36 PM
198	No	8/21/2023 2:30 PM
199	No	8/21/2023 2:30 PM
200	Keep costs reasonable. Paid 1070\$ last year. Understand about checks/testing.	8/21/2023 2:30 PM
201	Keep the status quo of water wells! Don't spend unnecessary money on adding people.e on acreage to town water as cost would be more than it is worth	8/21/2023 2:22 PM
202	Would be great if there was sewage installed	8/21/2023 2:15 PM
203	No	8/21/2023 2:08 PM
204	I would prefer to have municipal sewage	8/21/2023 2:06 PM
205	No	8/21/2023 2:04 PM
206	At Balm Beach in the early days there was no planning-the private system was shut down. We have multiple folks on one well-old septic systems are still operating and are too close to neighbours wells and bay. Contamination from other underground sources.	8/21/2023 2:03 PM
207	Way too expensive	8/21/2023 1:54 PM
208	I do not wish to pay for a water service when I have had great water supply and great quality water for over 30 years.	8/21/2023 1:53 PM
209	No	8/21/2023 1:51 PM
210	I don't like how milky my water is on occasion.	8/21/2023 1:49 PM
211	I would love to be connected to municipal water	8/21/2023 1:48 PM
212	No	8/21/2023 1:48 PM
213	I would like us to be metered and pay by useage	8/21/2023 1:46 PM
214	No	8/21/2023 1:44 PM
215	Wondering why the chlorine taste/smell is so evident on certain days. It seems like there is a shock to the system on long weekends. It's also very hard water.	8/21/2023 1:44 PM
216	prefer a water meter to control useage	8/21/2023 1:43 PM
217	I would like to see fire hydrants installed closer to the beaches (Ardmore and Cawaja) . This way in case of fire at least our homes may stand a chance of not burning down completely.	8/21/2023 1:43 PM
218	No	8/21/2023 1:40 PM
219	No	8/21/2023 1:40 PM
220	No	8/21/2023 1:40 PM
221	Sooner is better. The plastics are so bad for the environment especially as we are already experiencing climate change issues.	8/21/2023 1:39 PM
222	Let people know that are now building new homes to install a future water line to the street for easy conversion in the future	8/21/2023 1:39 PM
223	Is there a possibility of having sand points but in in order to save on using town supplied water?	8/21/2023 1:38 PM
224	I don't not want to go on metered water. It will end up costing too much. As cottages and ABnB have lots of family or renters using water most of the year as well.	8/21/2023 1:38 PM
225	no	8/21/2023 1:38 PM
226	I want meters. Neighbours water their lawns for hours all day sometimes without repercussions.	8/21/2023 1:38 PM
227	No, just please make the necessary changes to the water supplied already	8/21/2023 1:38 PM

Water Master Plan - Municipal Water Survey

228	Neighbouring septic systems not inspected and odours impact on water quality	8/21/2023 1:38 PM
229	No.	8/21/2023 1:37 PM
230	Would prefer to pay based on use	8/21/2023 1:36 PM
231	Again..... Darby road trucking needs to stop before our water is severely affected	8/21/2023 1:36 PM
232	Wastewater solutions should make sure to keep lake water quality high.	8/21/2023 1:36 PM
233	Will residents who remain on well water be required to help pay (increase in municipal taxes, etc.) for the municipal water system?	8/21/2023 1:36 PM
234	Please manage agricultural chemical use and private dumps	8/21/2023 1:35 PM
235	Take away the meter	8/21/2023 1:33 PM
236	No	8/21/2023 1:33 PM
237	No	8/21/2023 1:33 PM
238	None	8/21/2023 1:33 PM
239	I am happy that I have Municipal water. 👍 I cannot complain too much	8/21/2023 1:33 PM
240	NA	8/21/2023 1:33 PM
241	We are on minimal water, not sure why there isn't fire hydrants	8/21/2023 1:32 PM
242	Have never had any major issues.	8/21/2023 1:31 PM
